

Technical Specification Sheet

**Ultra-Glaze 1000** [VGL115]  
[1000kg]

The Ultra-Glaze 1000 specialist vacuum lifter is the ultimate machine for safe lifting of oversized or heavy textured glass weighing up to 1000kg.

Featuring 360° powered rotation and 90° powered tilt, the Ultra-Glaze 1000 gives workers ultimate control when lifting large-format, textured glass panels, thereby reducing the risk of injury to themselves or damage to the units. Suction pads are individually adjustable and can be isolated to accommodate varied panel weights, shapes and sizes.

Textured materials are subject to testing before being lifted using the Ultra-Glaze 1000.

**Key Features**

- Capacity: 1000kg
- Dual circuit vacuum system
- Powered 90° tilt and 360° rotation
- Supplied with radio remote control
- Low vacuum warning alarm
- Rechargeable battery with 110/240v on-board charger
- Not suitable for use in the rain
- Ref: VGL115

**Technical Specifications**

<b>Safe working load</b>	capacity:	1000kg
<b>Number of suction cups</b>	cups:	30
<b>Suction cup</b>	type:	closed cell foam seal, 30 round Ø 250mm
<b>Suitable for lifting</b>	materials:	stippled, etched, frosted and other textured glass. Other materials possible, subject to testing.
<b>Weight of lifter</b>	approx:	590kg
<b>Rotation</b>	rotation:	360° powered continuous
<b>Tilt</b>	tilt:	90° powered
<b>Vacuum system</b>	dual circuit:	1 pump, 2 vacuum reserve tanks
<b>Voltage</b>	pump:	2 x 12v (24v) DC from rechargeable batteries
	battery charger:	110v/240v integral charger system
<b>Standard accessories</b>	standard	radio remote control, adjustable lifting bail, individual pad shut-off, green "safe to lift" light, integral charger
<b>Optional accessories</b>	optional	secondary safety straps
